- **Date and Time** : **October 6,2021**
- **Venue** : **D2 Seminar room**
- **No of Participants** : **101**
- **Faculty coordinator** : **Dr. Pratik V. Shah**

**Profile of the Speaker** : **Engineer, Educator and Entrepreneur**

**Event Summary** :

The Event was scheduled for B.E.I year, 1<sup>st</sup> semester students with the aim to make students aware of Vedic Mathematics. Some basic calculation techniques were introduced to students in order to enhance the mathematical literacy. Utilizing the Vedic Sutra - "Urdhva tiryabhyam" electronic devices can be improved was proved by discussing research papers on it. It was scientifically proved live in the session that Vedic Maths can be used to improve memory. The application of Vedic sutras and productivity techniques were discussed.
